STAGE (see accompanying diagram for dimensions)

Load-in is through 10'x20' roll-up doors
JLG 2630ES scissors lift Pro-Fit Series
1835 lb capacity
800 lb maximum at 20'
500 lb maximum at 25'
Mister KOOL stage fogger

- 750 seat house
- Dressing rooms are adjacent to the stage. Dressing room has one very large make-up area with counters, mirrors, bright make-up lights and chairs. Two (2) private dressing areas w/ mirrors, garment racks and chairs and two private lav facilities. More private dressing space can be made available if needed in the chorus room near the back of the stage. Also, a band room, chorus room and other classrooms are in close proximity to the stage if needed for use to warm-up, store equipment, etc.
- Power leads are ordinary Edison outlets and extension cords.
- Wired communications system (including dressing rooms).
- 7-year-old Kawai 7' grand piano with adjustable bench.
- Standard chorus risers (18" depth). We do not have a conductor's podium.
- (8) Adjustable height 6' x 6' platform risers w/skirts
- Chairs and music stands are a standard high school band variety.
- Light Blue cyc
- We have access to as many microphones with stands as needed.
- Load In/Load Out crews; stage hands, competent sound and lighting techs are provided. High School Auditorium Manager is Jeff Janssen 715-479-4473.

Please contact me if you have questions or further concerns.
